New Product Press Release

Daptor Three - Wireless Audio Interface

JK Audio introduces Daptor Three, a simple, professional audio interface using *Bluetooth* Wireless Technology. Like its predecessor Daptor Two, this new version allows balanced and unbalanced connections to your cell phone. Daptor Three connects to you cell phone like any other *Bluetooth* Wireless Technology enabled headset. It will also connect to any other product, such as a laptop, that allows a similar headset connection.

- XLR Balanced line input and output
- 3.5 mm line input and output
- 9 VDC battery
- Size: 4.4" x 2.7" x 1.2" (11.2 x 6.9 x 3.5 cm)
- Weight: 7 ounces

Available August 2007 through authorized dealers.
