**NOT FOR RELEASE UNTIL MARCH 15, 2012**

**New Product Press Release  
March 15, 2012**

## **Interloop™ – Wired / Wireless Intercom Belt Pack**

JK Audio combines Bluetooth Wireless Technology with Two-Wire Intercom in a rugged new belt pack design.

Interloop™ works with industry standard Two-Wire, Party-Line intercoms, connecting to the existing intercom system like any other belt pack. Pair to a Bluetooth headset for wireless freedom. Pair to a cell phone to let others listen in. Pair to a notebook or laptop to provide remote voice access using communications applications such as Skype™.

Powered by the intercom system, yet uses less current than a typical belt pack. Includes 9 VDC battery backup, holding the wireless connection while changing cables.

Perfect match to the JK Audio BSET-HS1 Bluetooth Headset.

### Features:

- Bluetooth Wireless Technology
- 2.4 GHz encrypted digital wireless
- 3 pin XLR male and female intercom jacks
- Send and Receive volume controls
- PTT button
- Connects to Bluetooth headsets, phones, notebooks
- Intercom powered with 9 volt battery backup
- Size: 4.7" x 3.75" x 1.65" (12 x 9.5 x 4.2 cm)
- Weight 10 ounces

Available July 2012 through authorized dealers.
