## **New Product Press Release**

### **RemoteMix 4 Portable Broadcast Mixer**

JK Audio introduces RemoteMix 4, a four channel field mixer and headphone amplifier. More than just a field mixer, this is a communications interface. RemoteMix 4 features a phone line hybrid and keypad, a PBX handset interface, and a 2.5 mm cell phone interface. All this in a tough, portable unit that's smaller than a lunch box. All-in-one is an understatement. These parts were designed to work together and save setup time in the field.

Radio - RemoteMix 4 is perfect for sports remotes. Use it as a phone line hybrid, calling into your studio talk show hybrid. Use it as a front end mixer for your POTS, ISDN or IP codec.

TV – RemoteMix 4 gives you the ultimate phone connectivity with four ¼" IFB feeds. Imagine being able to send and receive interview audio, and pull IFB out of any business phone system, even your cell phone. More than a field mixer, this is a shoot saver.

- Four XLR mic jacks with phantom power
- Male XLR clean mixer output
- Four ¼" headphone jacks with individual source selectors and level controls.
- 3.5 mm Send and Receive jacks
- Phone line hybrid with DTMF keypad
- Universal PBX handset interface
- 2.5 mm cell phone interface
- Dual 9 volt batteries
- 100-240 VAC External AC power supply
- Compliance tested for North America, CE markets, and Australia.
- Size: 9.5" x 8" x 3"

Available July 2007 through authorized dealers.
